**Chesapeake Mission Critical named 2012 recipient of both the Eaton Revenue Award and Eaton Growth Award, in the South East region.**

**Raleigh, NC** ... Chesapeake Mission Critical, a leading provider of Critical Infrastructure that supports IT, has been recognized as the 2012 Eaton Power Specialist Partner in both 2012 Revenue and Growth categories by Eaton, a leading global provider of comprehensive power quality and backup power management solutions. Chesapeake Mission Critical has been an Eaton partner since May 2010, and was recognized by the company for highest revenue achieved in 2012 as well as growing their Eaton sales by over 100%.

Mark Ryan accepted the award on behalf of Chesapeake Mission Critical at an Eaton VIP Power Specialists Conference, held on March 6th in Raleigh, NC.

Speaking of the award, President Mark Ryan said, "We are proud to represent such a strong manufacturer as Eaton. Their innovation and cutting edge technology fit well with our value proposition in the market. Eaton has been, and will continue to be, a core focus for our organization.
